

183L Capacity Compact Refrigerator

This refrigerator has a total effective volume of 183L, with a 61L freezer compartment. Its freezing capacity is 3.0kg/24h, and its power consumption is less than or equal to 0.58kw.h/24.

Product Overview

Compact Efficient Cooling

This 183L compact refrigerator offers an optimized storage solution for businesses requiring reliable refrigeration in a limited footprint. With a dedicated 61L freezer compartment and level 1 energy efficiency, it balances performance with low operational costs. It is an ideal choice for professional environments that prioritize space-saving design without compromising on freezing capacity.
