

185mm Circular Saw with Adjustable Cutting Depth

This circular saw is designed for precise cutting work with a blade diameter of 185mm. It offers a maximum cutting capacity of 65mm at 90 degrees and 44mm at 45 degrees.

Overview

Professional Performance Circular Saw

This 185mm circular saw is engineered for precision and durability in demanding cutting applications. Featuring a high-performance motor and robust construction, it provides the reliability needed for both professional construction sites and intensive workshop projects. The tool offers versatile cutting capabilities with adjustable depth and bevel settings, ensuring clean and accurate results across a variety of materials.

Technical Specifications

Blade Diameter	185 mm
Blade Size (Imperial)	7 1/4 inch
Blade Kerf	2.4 mm
Tooth Count	24
Arbor Size	16 mm
Model Number	M1Y-YH11/12-185
