Product Overview

High-Performance Power Solution

This 18650 lithium-ion rechargeable battery pack is engineered to provide a stable and reliable 3.7V power output. Designed specifically for demanding applications like POS terminals and portable electronic devices, it ensures long-lasting performance and efficiency. The pack incorporates essential safety features to protect against overcharging, over-discharging, and short circuits, offering peace of mind for mission-critical operations.

Technical Specifications

Nominal Voltage	3.7 V
Battery Chemistry	Lithium-Ion (18650 cells)

Safety & Features

Safety Features	Overcharge Protection, Over-discharge Protection, Short-circuit Protection
-----------------	--

Integration

Connectivity	Integrated connector for easy installation
--------------	--

Applications

Compatible Devices

- POS Terminals
- Portable Electronic Devices
