

# 188 KVA Mobile Diesel Generator

This mobile diesel generator provides 188 KVA of power. It features high cooling water temperature, low oil pressure, and overspeed alarm automatic stop protection.

## ADDITIONAL IMAGES

## Overview

### Reliable Mobile Power Solution

This 188 KVA mobile diesel generator is engineered for versatility and rapid deployment in demanding environments. Housed in a robust, weather-resistant enclosure, it is mounted on a mobile trailer configuration to ensure easy transportation to remote job sites or emergency locations. Designed with accessibility in mind, it features a comprehensive control panel for efficient operation and monitoring.
