

# 1.8KW Quadropole Motor High Pressure Washer

This high-pressure washer is equipped with a powerful 1.8KW quadropole motor. It is designed for heavy-duty cleaning applications, delivering reliable and consistent performance.

## Overview

### Professional Cleaning Performance

This 1.8KW quadropole motor high-pressure washer is engineered for heavy-duty industrial and commercial cleaning tasks. It features a robust design with a large flow rate of 16L/min and a maximum pressure of 110Bar. The unit includes a comprehensive accessory kit, making it a reliable solution for professional-grade cleaning applications.

## Technical Specifications

### Motor Metrics

**1.8 KW**

Power Output

**1430 Rpm/min**

Motor Speed

### Operational Performance

**16 L/min**

Flow Rate

**110 Bar**

Max Pressure

**Total Weight**

55 KG

## Features

**Automation**

Automatic mechanical gun shutdown, Automatic pressure management

## Inclusions

### Standard Accessory List

- 10M high pressure pipe
- 2.3M water inlet pipe
- Ceramic short gun
- Filter cup
- Filter
- Hook
- 4 color nozzle 050
- Breathable plug
- Manual
- Fragile pack
