

18V 5S2P Lithium-Ion Battery Pack for Power Tools

This is an 18V lithium-ion battery pack with a 5S2P configuration, designed for power tools. It provides optimal power and extended runtime for demanding applications.

Overview

High-Performance Power Tool Battery

This 18V 5S2P lithium-ion battery pack is engineered for demanding power tool applications, such as electric hammers. The 5S2P configuration is specifically designed to provide consistent, high-output power delivery while ensuring an extended runtime for professional use. Its durable construction makes it a reliable choice for heavy-duty work environments.

Electrical Specifications

Nominal Voltage	18 V
Cell Configuration	5S2P
Battery Chemistry	Lithium-Ion

Application

Compatible Equipment	Electric Hammers, Power Tools
