

# 18V Brushless Cordless Impact Drill Driver

This 18V impact drill driver is designed for drilling and fastening applications. The brushless motor delivers enhanced performance, longer runtime, and increased durability.

## ADDITIONAL IMAGES

## Overview

### Professional Performance

This 18V brushless cordless impact drill driver is engineered for high-performance drilling and fastening tasks. Designed with a durable brushless motor, it offers enhanced efficiency, extended runtime, and superior reliability for demanding work environments. The tool features an ergonomic soft-grip design to minimize user fatigue during prolonged operation.

## Technical Specifications

Voltage	18 V
Battery Capacity	2.5Ah, 5.0Ah

## Performance

### No Load Speed

**650 RPM**

Speed 1

**2200 RPM**

Speed 2

Maximum Torque	65 N.m
----------------	--------

## Drilling Capacity

### Drilling Capacity

Material	Capacity
Steel	13 mm
Wood	40 mm
Concrete	13 mm

## Features

### Key Features

- Brushless Motor
- Electric Brake
- Variable Speed Control
- Auxiliary Handle
- Soft-Grip Overmold

### Chuck Type

Keyless

### Chuck Capacity

13 mm
