

# 18V Brushless Cordless Impact Driver

This 18V cordless impact driver is engineered with a brushless motor, providing increased power and a longer lifespan. Its compact design and variable speed trigger allow for comfortable use and enhanced control when fastening screws and bolts.

## Product Overview

### High-Performance Cordless Impact Driver

This 18V brushless cordless impact driver is engineered for precision fastening in professional environments. The brushless motor technology ensures extended tool life, increased power, and longer runtime compared to traditional brushed models. Its compact, lightweight build and soft grip handle provide ergonomic comfort, while the integrated features like the electric brake and battery indicator enhance operational control and efficiency.

## Performance Metrics

### Maximum Torque

**180 N.m**

Max Torque

### No-Load Speed

2200 rpm

## Power System

### Compatible Battery Capacities

- 1.5Ah
- 2.0Ah
- 4.0Ah

### Voltage

18 V

## Features

### Key Features

Brushless Motor • Electric Brake • Battery Capacity Indicator • Soft Grip Handle
