

18V Brushless Cordless Impact Wrench

This 18V brushless impact wrench delivers high torque and extended runtime. It features variable speed control and an ergonomic design for comfortable use.

Product Overview

High-Performance Cordless Power

The 18V Brushless Cordless Impact Wrench is engineered for demanding fastening applications, combining high-torque performance with the efficiency of a brushless motor. Designed for versatility, it features a variable speed trigger for precise control and an ergonomic build to reduce fatigue during extended use. This tool is an essential asset for professionals in automotive repair, construction, and heavy-duty maintenance environments.

Technical Specifications

Maximum Torque

330 N.m

Max Torque

Drive Size 1/2" square

Standard Bolt Capacity M6-M18

Performance

No-Load Speed 2600 RPM

Impact Rate 3300 BPM

General Information

Power Source

18V Li-ion • Brushless Motor

Model Number BCLS1601
