

18V Cordless Drill Driver with 2Ah Lithium-ion Battery

This 18V cordless drill driver is designed for drilling and screwdriving applications. It features a 2Ah lithium-ion battery for extended runtime and consistent power.

Overview

Professional Cordless Performance

This 18V cordless drill driver is engineered for versatility and reliability in demanding work environments. Featuring a high-capacity 2Ah lithium-ion battery, it provides extended run times and consistent power for various drilling and screwdriving tasks. With a two-speed powder metallurgy gearbox and precise torque control, it is an essential tool for professional applications requiring accuracy and durability.

Technical Specifications

Voltage

18 V

Voltage

Battery Capacity	2 Ah
Battery Chemistry	Lithium-ion
Gearbox	Two-speed powder metallurgy

Features

Key Features

- Built-in LED work light
- 1-hour quick charge capability
- Automatic battery ejection function
- Integrated belt clip for high-altitude operation
- Short-circuit protection

Capabilities	Variable Speed, Battery Capacity Indicator, Quick Charge
