

# 18V Cordless Drill Driver with Lithium Battery

This 18V cordless drill driver is designed for drilling and driving screws. It features a lithium battery for reliable power and extended runtime.

## ADDITIONAL IMAGES

## Product Overview

### Versatile Cordless Performance

This 18V cordless drill driver is engineered for efficiency and precision in various drilling and driving applications. Featuring a reliable lithium-ion battery system, it provides extended runtime and consistent power output for professional tasks. The ergonomic design, combined with features like an integrated LED work light and a convenient belt clip, ensures comfort and productivity during prolonged operation.

## Technical Specifications

Battery Voltage	18 V
Battery Capacity	1.5 Ah
Battery Chemistry	Lithium-ion
Gearbox	Two-speed powder metallurgy

## Key Features

### Operational Features

- Built-in LED work light
- Belt clip for high-altitude operation
- Automatic battery ejection function
- Short circuit protection
- Battery charge level indicator

### Quick Charge Time

**1 hour**

Charge Time

## Package Contents

Included Items

Drill Driver, Battery, Charger, Carrying Case
