Product Overview

Professional Cordless Drill Driver

This 18V cordless drill driver is engineered for versatility and reliability in various drilling and fastening applications. Featuring advanced lithium-ion battery technology, it provides extended runtime and consistent power output for both professional and DIY tasks. The ergonomic design and integrated features, such as a built-in LED light and belt clip, ensure comfortable handling and efficiency during prolonged use.

Technical Specifications

Voltage	18 V
Battery Technology	Lithium-ion
Quick Charge Time	1 h

Key Features

Key Features

- Built-in LED light for dark environments
- Two-speed powder metallurgy gearbox
- Automatic battery ejection function
- Battery short-circuit protection
- Battery capacity indicator
- Integrated belt clip
