

18V Cordless Drill with Variable Speed and Keyless Chuck

The 18V Cordless Drill is a versatile power tool designed for drilling and driving screws. It features a variable speed motor for controlled drilling and driving, a multi-position clutch for adjusting torque, and a keyless chuck for easy bit changes.

Overview

Professional Cordless Performance

This 18V cordless drill is engineered for versatility and control, making it an essential tool for both DIY projects and professional trade applications. It features a variable speed motor for precision drilling and driving, along with a multi-position clutch to manage torque across various materials. Designed with ergonomics in mind, the lightweight build ensures comfort during extended use, while the rechargeable battery system offers full cordless mobility.

Technical Specifications

No-Load Speed

550 RPM

Max Speed

Voltage	18 V
Battery Capacity	1.5 Ah
Model Number	VT801-118

Features

Key Features

- Variable speed control
- Multi-position clutch
- Keyless chuck for rapid bit changes
- Ergonomic lightweight design

Best For	Drilling, Screw Driving, Professional Trades, DIY Projects
