Product Overview

High-Intensity Automotive Lighting

This 18W LED fog light is engineered for superior visibility in challenging weather conditions, including heavy fog, rain, and snow. Featuring a robust design with high-output Epistar LEDs, it delivers a focused 6000K beam pattern for enhanced road safety. With an IP67 waterproof rating and a long lifespan of 30,000 hours, this light is a reliable choice for various automotive applications.

Technical Specifications

LED Power

18 W

Total Power

3 W/LED

LED Intensity

Waterproof Rating

IP67

Operating Voltage

10-30V DC

Color Temperature

6000 K

Estimated Lifespan

30000 hours

Design & Build

Dimensions

6.3 inch

Available Colors

Black, White

LED Configuration

6pcs high-intensity Epistar LEDs
