

190mm Band Saw with 350W Motor

This band saw has a 190mm (7.5 inch) cutting capacity and a 350W motor, providing sufficient power for various cutting tasks. It includes a sturdy table for supporting workpieces, an adjustable fence for accurate straight cuts, and a miter gauge for angled cuts.

Product Overview

Precision Cutting Performance

This 190mm band saw is engineered for reliable cutting performance in wood, plastic, and various composite materials. Powered by a 350W motor, it delivers consistent results for hobbyists and small-scale woodworking projects. The unit features an adjustable table and blade tensioning system, ensuring versatility and accuracy for both straight and angled cuts.

Technical Specifications

Input Power

350 W

Motor Power

230 V

Voltage

Cutting Capacity

- Max Cutting Depth: 80mm
- Max Cutting Width: 190mm

Blade Details

1425 x 6.35 x 0.3 mm (6 TPI)

No Load Speed

14.7 m/s

Work Table

Table Size

300 x 300 mm

Tilting Range

0° - 45°

Features

Safety Features

Blade Guard, Push Stick
