

# 193L Capacity Top-Freezer Refrigerator

This refrigerator features a total effective volume of 193L and a freezer compartment volume of 71L. Its freezing capacity is 3.5kg/24h, with energy consumption of d0.62kw.h/24.

## Overview

### Efficient Cooling Solution

This 193L top-freezer refrigerator is designed for reliable and energy-efficient food storage, making it an excellent choice for commercial or residential needs. With a dedicated 71L freezer compartment and a Grade 1 energy efficiency rating, it balances storage capacity with low operational costs. Its compact footprint ensures easy installation while delivering consistent performance in standard N climate conditions.
