

1U Horizontal Cable Organizer

This 1U horizontal cable organizer features a 12 or 24 card slot design for simple cable management. Constructed from high-quality, lightweight and durable aluminum alloy with a surface electrostatic spraying, it provides a simple and beautiful solution.

Product Overview

Professional Cable Management Solution

This 1U horizontal cable management panel is engineered to streamline cable routing within standard server racks and cabinets. Featuring a slotted design, it provides easy access for cable organization while promoting optimal airflow and reducing physical strain on connections. Constructed from durable aluminum alloy, it ensures long-lasting performance in demanding environments like data centers and network installations.

Physical Specifications

Rack Height	1U
Material	Aluminum alloy
Surface Finish	Black painted

Features

Design Highlights	Slotted design, Horizontal orientation, High durability, Airflow optimized
-------------------	--

Application

Recommended Use

- Data centers
- Server rooms
- Network installations
