Product Overview

Dual-Technology Heating Solution

This advanced space heater utilizes patented technology to combine the benefits of convection and radiant heating in a single, efficient unit. Designed for versatility and comfort, it features adjustable thermostat controls and four distinct heat settings to suit various room sizes and temperature preferences. With its free-standing, portable design, it provides an ideal supplemental heating solution for homes, offices, and indoor commercial spaces.

Technical Specifications

Model Number	ZL-039
Power Output	1500W, 2000W
Heat Settings	4
Heating Elements	3 Carbon Fibre Quartz heating elements

Features

Design & Convenience

- Free-standing design
- Portable with caster wheels
- Adjustable thermostat
- Protective safety grille

Safety Features

Overheat Protection • Tip-over Switch
