

2-in-1 Hair Curler and Straightener

This 2-in-1 hair tool functions as both a curling iron and a straightener. It features a 25mm curling tong, on/off switch, power indicator light, hanging loop, and a 360-degree swivel cable.

Product Overview

Versatile Styling Solution

This 2-in-1 hair styling tool is engineered for efficiency, combining both curling and straightening capabilities in a single device. Designed for professional grooming, it features a durable cylindrical barrel and a secure metal clip to ensure consistent results. Its ergonomic handle design provides comfort and control for the user during styling sessions.
