

2-Pole 20 FLA HVAC Contactor 24V 220V

This is a 2-pole DP contactor with 20 FLA, designed for electrical equipment and accessories. It is suitable for various brands of air conditioning equipment.

ADDITIONAL IMAGES

Product Overview

Standard 2-pole contactor for air conditioning systems.

Professional HVAC Contactor

This 2-pole definite purpose contactor is designed for reliable switching in air conditioning and refrigeration systems. Engineered to handle high-demand electrical loads, it provides a direct, safe replacement for discontinued components. Built for versatility, it is compatible with a wide range of residential and commercial cooling units.

Electrical Specifications

Electricity Type	AC
Coil Voltage	208V/240V
Number of Poles	2
Main Circuit Voltage	600 V
Rated Current	30A-40A

Performance & Lifecycle

Electrical Life

200000 operations

Cycles

Mechanical Life

600000 operations
