

2-Ton Low Profile Hydraulic Trolley Floor Jack

This 2-ton low profile hydraulic trolley floor jack is designed for efficiently and safely lifting vehicles. Its low profile allows access to vehicles with minimal ground clearance.

Overview

Professional Lifting Solution

This 2-ton hydraulic trolley floor jack is engineered for versatility, featuring a low-profile design that accommodates vehicles with minimal ground clearance. Built with a heavy-duty chassis and strengthening flanges, it provides reliable stability for automotive maintenance. The hydraulic system ensures smooth, controlled operation, while the adjustable saddle and rubber pad protect the vehicle's frame during lifting.
