Overview

Professional Grade Magnetic Contactor

This 2-pole magnetic contactor is engineered for reliable performance in air conditioning and refrigeration applications. Designed to handle demanding electrical loads, it ensures efficient switching for compressors and fans. The unit is built for durability and compatibility with standard 208/240VAC power systems, making it an ideal component for HVAC&R maintenance and installation.

Load Ratings Table

Voltage (VAC)	FLA (A)	LRA (A)
277	40	240
480	40	200
600	40	160

Coil Voltage

208/240VAC 50/60Hz

Installation & Compliance

Terminal Torque Specifications

- Screws: 20 in-lbs
- Lugs: 40 in-lbs

Conductor Compatibility

CU 75°C

Compliance Tags

2-Pole, Hermetic Refrigeration Compressor Compatible

Service & Support

Service Terms

- 100% self-inspection and testing before packing
- Quality guarantee: Replacement for defective items
- OEM and ODM services available
- Free samples available (shipping cost excluded)

Order Fulfillment

15-20 days lead time after deposit
