Overview

Versatile 20-Inch Electric Folding Bicycle

This 20-inch electric folding bike is designed for efficient urban commuting and easy storage, featuring a robust aluminum alloy frame and a space-saving folding mechanism. Equipped with a 36V brushless rear motor and an integrated lithium-ion battery, it provides reliable power for tackling hills and longer distances with ease. The bike includes professional-grade components such as Shimano 7-speed gears and disc brakes to ensure a smooth, safe, and responsive riding experience in various city environments.
