

## 20-Inch High-Velocity Floor Fan

This high-velocity floor fan is designed for powerful air circulation. The 20-inch fan blade delivers a strong and focused airflow suitable for cooling large areas.

### Product Overview

#### High-Velocity Performance

The 20-inch high-velocity floor fan is engineered for powerful air circulation in demanding environments. Featuring a robust metal housing and a sturdy base, it ensures stability and durability for both industrial and commercial applications. The adjustable tilt mechanism allows for precise airflow direction, while multiple speed settings provide customizable cooling power for large spaces.

### Technical Specifications

Fan Diameter	20 inch
Construction Material	Durable Metal

### Features

Speed Settings	Multiple
Adjustability	Adjustable Tilt, High-Velocity Airflow

### Applications

#### Suitable Environments

- Industrial
- Commercial
- Residential
