

20-Inch Plastic Tool Box

This 20-inch plastic tool box provides ample storage space for organizing tools. It is made with a sturdy handle and secure latches for reliable tool transport.

Product Overview

Durable Organization Solution

This 20-inch tool box is engineered from high-impact plastic to ensure long-term durability and reliable protection for your hand tools. Designed for professionals on the move, it features a sturdy carrying handle and a removable interior tray to help maintain order in your workspace. The integrated organization compartments provide quick access to smaller components, making it an essential companion for any job site or workshop.
