

## 2.0 Kgs Electric Meat Grinder with 3000W Motor

This electric meat grinder has a 2.0 kgs capacity and a robust plastic housing. Its powerful 3000W motor ensures efficient meat processing.

### ADDITIONAL IMAGES

### Product Overview

The AMG189 features a heavy-duty housing suitable for diverse food processing tasks.

### High-Performance 3000W Electric Meat Grinder

The AMG189 is a heavy-duty electric meat grinder designed for both high-volume household use and light commercial applications. Featuring a powerful 3000W maximum lock power motor and a durable metal gearbox, it efficiently processes up to 2.0kg of meat per minute. Its versatile design supports meat grinding, sausage making, and vegetable processing with a variety of included and optional accessories.

### Performance & Power

#### Key Performance Metrics

<b>3000 W</b> Max Lock Power	<b>2 kg/min</b> Output Capacity	<b>2</b> Speed Settings
---------------------------------	------------------------------------	----------------------------

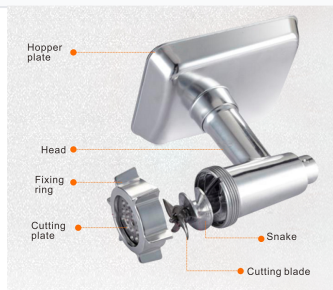

## Technical Specifications

Detailed view of the metal gearbox, copper motor, and unique locked knob design.

<b>Motor Type</b>	Powerful and efficient pure copper AC universal motor
<b>Optional Voltage</b>	100~240V 50Hz/60Hz
<b>Optional Rated Power</b>	500W, 700W, 800W, 1200W

## Construction & Design

Easy-to-clean detachable grinding parts including hopper plate, snake, and fixing ring.

### Internal Components

- Metal gear box and gears
- Stainless steel cutting blade
- Metal connector for durability
- Sliding spline shaft connection
- Aluminum square hopper

<b>Housing Material</b>	Heavy duty plastic housing
<b>Design Features</b>	Low Noise Patent, Unique Locked Knob, Detachable Parts, Easy Assembly

## Functionality

Versatile performance for meat grinding, sausage stuffing, and vegetable processing.

### Primary Applications

- Meat grinding
- Sausage making
- Kubbe making
- Vegetable slicing (optional)
- Ketchup making (optional)

### Control Interface

Separated ON/OFF/REVERSE switches with motor electric shock protection

## Accessories

Complete set of stainless steel grinding plates, cutting blades, and sausage making attachments.

### Included Grinding Plates

Type	Size/Description
Fine	4mm
Normal	7mm
Coarse	Triangle

### Standard Attachments

Kibbeh Attachment • 13mm Sausage Tube • 16mm Sausage Tube • 19mm Sausage Tube • Food Pusher

## Compliance

### PATENT AND QUALITY ASSURANCE CERTIFICATION

Compliant with international safety and quality standards including CE, GS, and RoHS.

### Certifications

CB, CE, GS, RoHS, LFGB, ETL
