

# 20-Meter Fiberglass Measuring Tape

This fiberglass tape measure is designed for accurate and reliable measurements. It features a durable ABS and TPR case for enhanced grip and protection.

## Product Overview

### Professional Measuring Tool

This 20-meter fiberglass measuring tape is engineered for accuracy and durability in demanding environments such as construction sites and surveying projects. The tape features a robust ABS casing with silver paint and a die-cast zinc alloy winding handle for smooth operation. Designed to resist stretching and wear, it provides reliable measurements for professionals requiring precision and ease of use.

## Technical Specifications

### Casing Features

- Silver painted finish
- Durable ABS construction
- TPR grip enhancement

Tape Length	20 m
Material Composition	Fiberglass, ABS, Zinc Alloy, TPR
Winding Mechanism	Die-cast Zinc alloy handle with quick rewind

## Application

### Recommended Applications

Construction • Surveying
