

2000 lb Electric Winch with Remote Control

This electric winch delivers a pulling capacity of 2000 lbs for various applications. It comes with a durable steel cable and remote control for convenient operation.

Product Overview

High-Performance 2000 lb Electric Winch

This 2000 lb electric winch is a robust and reliable tool designed for diverse pulling and lifting applications. Featuring a powerful 12V DC waterproof motor and a durable 3-stage planetary geartrain, it ensures consistent operation even in challenging conditions. The unit comes equipped with a handlebar-mounted mini-rocker switch for convenient remote control and a heavy-duty waterproof contactor for added safety and longevity.

Performance & Motor

Performance Data

Line Pull (lbs)	Line Speed (ft/min)	Current (Amps)
0	25	18
500	20	51
1000	16	88
1500	12	125
2000	8	185

Pulling Capacity by Layer

Layer	Capacity (lbs)
1st	2000
2nd	1760
3rd	1545
4th	1360

Rated Line Pull	2000 lbs
Motor Specifications	12V DC, 0.85hp (0.64kw) permanent magnet
Gear Ratio	136:1

Hardware & Cable

Wire Rope	40ft (12.25m) length, 7/32" (5.1mm) diameter
Fairlead	4-way Roller
Drum Dimensions	2.0" Diameter / 2.9" Length

Electrical & Control

Control Method	Handlebar mounted Mini-rocker switch
Contactora	Heavy Duty Waterproof
Recommended Battery	12 Amp/hour

Physical & Logistics

Available Finishes	Black, Grey
Net Weight (per unit)	6.4 kg
