

# 2000kg Electric Chain Hoist

This electric chain hoist is designed for lifting heavy loads in industrial and construction environments. It features a robust motor, durable chain, and user-friendly controls for safe and efficient operation.

## Overview

### Industrial Lifting Performance

This electric chain hoist is engineered for demanding industrial and construction environments, providing reliable lifting solutions for heavy loads. With a robust motor and high-durability chain system, it ensures operational longevity and safety. The unit includes user-friendly controls and a secure hook attachment, making it an essential tool for precise and efficient material handling operations.

## Performance Specifications

### Load Capacity

**2000 kg**  
Capacity

### Control Method

Pendant Controller

## Features

### Key Features

- Heavy-duty motor
- Durable chain system
- Industrial-grade hook
- Precision pendant control

### Suitable Environments

Construction, Industrial, Warehousing, Manufacturing
