

2000W Professional Hair Dryer with Concentrators

This professional hair dryer features a high-performance AC motor and 2000W of power. It offers three heat and two speed settings, along with a cool shot function and concentrator attachments.

Product Overview

High-Performance Professional Drying

This 2000W professional hair dryer is engineered for durability and efficient styling in salon environments. Featuring a powerful AC motor and versatile heat/speed settings, it allows for customized airflow to suit a variety of hair types and styling requirements. The inclusion of two concentrator nozzles provides precision control, while the long 2.8m power cord ensures freedom of movement during professional use.
