

200W IP65 Waterproof LED Flood Light

This LED flood light provides a robust and energy-efficient lighting solution for outdoor use. With a 200W power consumption and IP65 rating, it is protected against dust and water ingress.

Overview

RC-PGF Series LED Flood Light

The RC-PGF series LED flood light is a robust and energy-efficient lighting solution engineered for diverse outdoor applications. Featuring an IP65 waterproof rating, this fixture ensures reliable protection against dust and water ingress, making it suitable for demanding environments. With power options ranging from 10W to 200W, it provides versatile illumination capabilities for both small and large-scale projects.

Technical Specifications

Ingress Protection

IP65

Power Range

10W - 200W

Input Voltage

85-265V

Color Temperature

3000K - 6500K

Surge Protection

2 KV

Color Rendering Index (CRI)

80

Product Variants

Available Series Options

RGB Series, Built-in Sensor Series

Model Comparison

Model Specifications

| Model | Power | Lumens/W | Power Factor |
|-----------|-------|----------|--------------|
| RC-PGF010 | 10W | 800 | 0.5 |
| RC-PGF020 | 20W | 1600 | 0.5 |
| RC-PGF030 | 30W | 2400 | 0.5 |
| RC-PGF050 | 50W | 4000 | 0.5 |
| RC-PGF100 | 100W | 8000 | 0.9 |
| RC-PGF150 | 150W | 12000 | 0.9 |
| RC-PGF200 | 200W | 16000 | 0.9 |
