Product Overview

Premium Exterior Upgrade for Land Cruiser

This 2020 Land Cruiser body kit offers a unique Middle East style aesthetic, combining the sleek 2019 GT front design with a robust 2016 rear profile. Designed for professional B2B sourcing, the kit includes integrated bright light covers and a double exhaust configuration to significantly enhance the vehicle's road presence. Each component is engineered for a precise fit, ensuring a seamless integration that maintains the original design integrity while adding a sporty, aggressive edge.
