## Product Overview

### Precision Measurement Tool

This compact laser distance measurer is designed for rapid and accurate distance calculation in professional and DIY environments. With a measuring range of up to 20 meters and multiple unit settings, it offers versatile functionality for construction, real estate, and home improvement tasks. The device features a user-friendly design powered by standard AAA batteries, ensuring reliable performance on the job site.

## Performance Metrics

### Measuring Range

<b>20 m</b> Max Range	<b>0.2 m</b> Min Range
--------------------------	---------------------------

### Accuracy

3 mm

## Technical Specifications

Laser Class	Class 2
Laser Type	650nm, <1mW
Power Source	2 x 1.5V AAA Batteries
Operating Temperature	0 - 40°C

## Features

### Supported Units

- Meters (m)
- Inches (in)
- Feet (ft)
- Feet + Inches (ft+in)

## Compliance

### Certifications

EN60825-1, CE-EMC, RoHS
