Overview

Compact Precision Measurement

This 20-meter laser distance measurer is designed for quick and accurate indoor measurements. It offers versatile unit selection and high precision, making it an essential tool for professionals requiring reliable distance data. Powered by standard AAA batteries, it combines portability with ease of use for everyday tasks.

Measurement Specifications

Measuring Range	20 m
Minimum Distance	0.2 m
Accuracy	±1.5mm
Units of Measurement	m, in, ft, ft+in

Laser Specifications

Laser Class	Class 2
Laser Type	650nm, <1mW

Technical Details

Power Source	2 x 1.5V AAA Batteries
Operating Temperature	0 - 40°C

Compliance

Certifications	EN60825-1, CE-EMC, RoHS
