

20V Brushless Cordless Impact Driver

The 20V brushless impact driver is engineered for efficient fastening. Its brushless motor delivers high power and extended runtime for demanding applications.

Product Overview

Professional Performance

This 20V brushless cordless impact driver is engineered for high-efficiency fastening applications. Featuring a brushless motor, the tool delivers extended runtime, reduced maintenance, and quieter operation compared to brushed alternatives. The compact design, combined with integrated LED lighting and a belt clip, ensures maximum maneuverability and convenience for professionals working in demanding environments.

Technical Specifications

Motor Type	Brushless
Voltage	20 V
Battery Chemistry	Lithium-ion
Battery Capacity	4 Ah

Features

Key Features

- Built-in LED work light
- Short circuit protection
- Battery level indicator
- Belt clip for high-altitude operation
- Reversal stop mechanism
- Adjustable torque settings

Certifications

Certifications	CE, EAC
