

20V Cordless Angle Grinder

This cordless angle grinder operates on a 20V battery system. Its compact and ergonomic design ensures comfortable handling, while the powerful motor facilitates efficient cutting and grinding.

Product Overview

Professional Cordless Performance

This 20V cordless angle grinder is engineered for versatility and efficiency in tight workspaces where traditional tools struggle. Designed for grinding, cutting, derusting, and polishing metal components, it features a compact, ergonomic build to minimize operator fatigue. With its high-speed rotation and compatibility with various wheel types, it is an essential tool for metalworking and construction professionals.

Technical Specifications

Voltage	20 V
Power Source	Battery-powered

Key Features

Compatible Attachments

- Rough grinding wheel
- Fine grinding wheel
- Polishing wheel
- Rubber wheel
- Cutting wheel
- Steel wheel

Primary Applications	Metalworking, Construction, Cutting, Grinding, Derusting, Polishing
----------------------	---

Design & Ergonomics

Ergonomic Design	Yes
Tool-free Guard Adjustment	Yes
