Product Overview

Heavy-Duty Performance

This 20V brushless impact wrench is engineered for the most demanding fastening applications, delivering a robust 1000Nm of torque. Its cordless design ensures maximum portability, while the high-efficiency brushless motor provides extended tool life and superior power output. Designed for professional use, it features an ergonomic soft-grip handle, variable speed control, and an integrated LED worklight for precision in low-light environments.

Technical Specifications

Technical overview of the impact wrench capabilities and speed settings.

Voltage	20 VDC
Maximum Torque	1000 N.m
No Load Speed	0-950 / 1500 / 1800 / 2300 RPM
Motor Type	Brushless (6025#)

Key Features

Key Features

- Variable speed trigger
- Lock-on switch for continuous operation
- Integrated LED worklight
- Soft grip handle
- Cordless operation
