

## 20V Cordless Brushless Reciprocating Saw

This 20V cordless reciprocating saw features a brushless motor for maximum power and extended life. It offers convenient, tool-free blade changes and a robust shoe plate for stable workpiece positioning.

### ADDITIONAL IMAGES

### Overview

Heavy-duty construction designed for demanding cutting applications.

### High-Performance Cordless Power

This 20V cordless reciprocating saw features an advanced brushless motor designed for maximum power, efficiency, and extended tool life. Engineered for demanding applications, it offers the convenience of cordless operation without sacrificing performance. The tool includes user-focused features such as a tool-free blade change system, a variable speed trigger with lock-on capability, and a robust shoe plate for stable positioning.

### Technical Specifications

Voltage	20 V
No Load Speed	0~3,000 SPM
Stroke Length	28 mm

## Cutting Capacity

### Maximum Cutting Capacity

Material	Capacity
Soft wood	150mm
Metal pipe	100mm
Aluminum	18mm
Steel	8mm

## Features

Ergonomic design with soft grip and variable speed trigger for precise control.

### Key Features

- Brushless motor for superior efficiency
- Tool-free quick release blade change
- Robust shoe plate for safe positioning
- Soft grip handle for comfort
- Variable speed control
- Lock-on switch for continuous operation
