

20V Cordless Brushless Rotary Hammer Drill with BMC

This 20V cordless rotary hammer drill is designed for drilling and chiseling in concrete, brick, and stone. The brushless motor delivers high performance and extended runtime.

Overview

Professional Rotary Hammer Drill

This 20V cordless rotary hammer drill is engineered for high-performance drilling and chiseling in concrete, brick, and stone. Equipped with an efficient brushless motor, it offers extended runtime, lower noise, and increased durability for demanding construction tasks. The versatile design features a unique 1-button system that toggles between four distinct functions, ensuring maximum control and adaptability on the job site.

Technical Specifications

Nominal Voltage	18 V
Maximum Initial Voltage	20 V

Key Features

Motor Technology

Brushless Motor

Operating Modes

- Drilling
- Hammer & Drilling
- Hammer
- Vario-lock & Rotation Stop

Safety & Control

Control Features

- Stepless variable speed switch
- Constant speed function
- Built-in LED work light

Safety & Ergonomics

Safety Clutch System, Anti-vibration Handle, Short Circuit Protection

Package Contents

Storage	Blow Molded Case (BMC)
