

20V Cordless Circular Saw with 6.5-inch Blade

This 20V cordless circular saw is designed for cutting wood and other materials. It features a high-performance motor that delivers up to 6000 RPM for efficient cutting.

Product Overview

Professional Performance

This 20V cordless circular saw is engineered for precision and efficiency in wood cutting applications. Featuring a high-performance brushless motor and a durable 6.5-inch blade, it delivers consistent results for professional tasks. The cordless design offers maximum portability on the job site without sacrificing power.

Technical Specifications

Motor Type	Brushless
No Load Speed	3650 rpm
Voltage	20 V

Cutting Capacity

Blade Diameter	165 mm
Blade Teeth	24
Cutting Depth (90°)	38 mm
Cutting Depth (45°)	26 mm

Design & Build

Base Material	Aluminum
---------------	----------

Included Accessories

Box Contents

- Guide rule
- 4mm hexagonal wrench
- Dust extraction connection
