Product Overview

Professional Cordless Performance

This 20V cordless drill is engineered for versatile drilling and fastening applications, featuring a robust 1/2-inch chuck for broad compatibility with various bits. Designed for efficiency, it incorporates a two-speed powder metallurgy gearbox and a high-performance lithium-ion power system for extended run times. Its ergonomic construction includes a built-in LED work light and a convenient belt clip, making it an ideal choice for demanding high-altitude or dark-environment operations.
