

# 20V Cordless Impact Wrench with 300N.m Torque

This cordless impact wrench operates on a 20V battery system and delivers a maximum torque of 300N.m. It is suitable for various fastening applications and provides ample runtime.

## Overview

### High-Performance Brushless Impact Wrench

This 20V cordless impact wrench is engineered for professional fastening tasks, featuring a high-efficiency brushless motor that offers up to 300% longer lifetime compared to conventional motors. With a maximum torque of 300 N-m and dual-mode torque adjustment, it provides the precision and power needed for demanding job sites. The ergonomic design includes a soft grip and integrated LED lighting to ensure comfort and visibility in all working conditions.

## Technical Specifications

### Motor Type

Brushless (BLDC)

### Tool Holder

1/2" (12.7mm) Square

### Torque Adjustment

Dual mode / 2 options

## Battery & Charging

### Battery Capacities Available

4.0Ah, 5.0Ah

### Charging Time

60 - 75 minutes

## Features

### Safety & Protection

- Auto-stop protection function
- Dust guard for motor protection
- Soft grip handle
- Integrated LED work light

## Physical Properties

### Weight

1.7 kg

## Accessories

### Standard Accessories

- 2x Lithium-ion Batteries
- 1x Charger
- 1x Belt
- 2x O-rings
- 1x Straight pin

## Model Comparison

The 4.0Ah variant of the brushless impact wrench featuring a 60-minute quick charge and 300 N-m torque.

The 5.0Ah high-capacity variant designed for extended runtime in heavy-duty fastening applications.

### Model Variations

Model	Battery	Charging Time
BL7320-40B	20V / 4.0Ah	60 min
BL7320-50B	20V / 5.0Ah	75 min
