Product Overview

Compact Cordless Performance

This 20V cordless mini circular saw combines portability with high-performance cutting capabilities. Engineered for precision in tight spaces, it features a 115mm blade and adjustable cutting angles, making it an essential tool for woodworking, home repairs, and general construction tasks. The ergonomic soft-grip handle ensures comfort during extended operation, while the included fast-charging system minimizes downtime.

Technical Specifications

No Load Speed	4500 RPM
