

20V Cordless Rotary Hammer Drill

This 20V cordless rotary hammer drill is designed for drilling and demolition tasks. The rotary hammer features a brushless motor that delivers high impact energy suitable for tackling concrete and masonry.

Product Overview

Professional Grade Cordless Power

This 20V cordless rotary hammer is engineered for demanding drilling and demolition tasks in concrete and masonry. Equipped with an efficient brushless motor, it delivers high impact energy while maintaining a compact, ergonomic form factor for maneuverability. The tool offers versatile operation with multiple modes and is designed for long-lasting performance on the job site.

Technical Specifications

Key Performance Metrics

20 V Voltage	26 mm Drilling Capacity	4 Ah Battery Capacity
------------------------	-----------------------------------	---------------------------------

Motor Type	Brushless
Chuck Type	SDS-plus

Features

Operating Modes

- Rotary Hammer
- Rotary Only
- Chisel Only

Advanced Features	Variable Speed Control, Integrated LED Light, Cordless Convenience
