

20V Li-ion Brushless Cordless Drill Driver

This 20V Li-ion brushless drill driver is suitable for various drilling and driving applications. It features a brushless motor for increased efficiency and extended runtime.

Product Overview

High-Performance Cordless Drilling

This 20V Li-ion Brushless Cordless Drill Driver is engineered for demanding professional applications. Featuring advanced brushless motor technology, it delivers increased efficiency and extended runtime compared to standard brushed motors. The unit utilizes memory-free lithium-ion technology, ensuring larger battery capacity with minimal self-discharge, making it a reliable choice for consistent, heavy-duty use.

Technical Specifications

Motor Technology

Brushless

Voltage

20 V

Battery Capacity

6 Ah

Battery Chemistry

Lithium-ion

Key Features

Core Advantages

- Memory-free battery technology
- Reduced self-discharge rate
- High-efficiency brushless motor
- Variable speed control
