Overview

High-Efficiency 20W Dual-Port Charging

This versatile 20W wall charger features both USB-C Power Delivery and QC 3.0 technology to provide rapid charging for a wide range of mobile devices including iPhones, iPads, and Android smartphones. Engineered for safety and reliability, it includes comprehensive protection against over-current, over-voltage, and short-circuits. Its compact design and international voltage compatibility make it an ideal professional power solution for home, office, or travel.

Technical Specifications

Total Power Output

20 W

Maximum Power

Power Delivery Output

Voltage (V)	Current (A)
5V	3A
9V	2.22A
12V	1.5A

Input Voltage

100-240V 50/60Hz

Compliance & Safety

Safety Protections

- Over-current protection
- Over-voltage protection
- Short-circuit protection
- High-heating protection
- Aging test passed
- Salt spray test passed

Quality Certifications

CE, FCC, CCC

Commercial Terms

Warranty

2 years

Mass Production Lead Time

15-20 working days
