

## 2.1 Channel Speaker System with Subwoofer

This 2.1 channel speaker system provides immersive audio. It includes a subwoofer for deep bass and satellite speakers for clear mid and high frequencies.

### Overview

#### Immersive Audio Experience

This 2.1 channel speaker system is engineered to deliver a balanced and powerful audio performance, featuring a dedicated subwoofer for deep, resonant bass and dual satellite speakers for crisp mid and high-frequency reproduction. With versatile connectivity options including USB, SD card, and FM radio support, it serves as a flexible audio solution for various settings. The system is designed with a modern aesthetic, complete with an LED display, making it a functional and stylish addition to any desktop, gaming setup, or home entertainment environment.

### Audio Performance

#### Total Output Power

**49 W**

Total RMS Power

Frequency Response	40Hz - 20KHz
S/N Ratio	80 dB
Total Harmonic Distortion	d0.3%
Channel Separation	45 dB

### Technical Specifications

#### Driver Configuration

Component	Size	Impedance	Power
Subwoofer	5.25"	8Ω	40W
Satellite	3"	4Ω	15W

#### Physical Dimensions (W\*H\*D)

Unit	Dimensions (mm)
Subwoofer	200*350*320
Satellite	90*190*110

### Features

Connectivity & Control	USB Input, SD Card Slot, Remote Control, FM Radio, LED Display
