

2.1 Channel Speaker System with Subwoofer

This 2.1 channel speaker system features an elegant design. The reflex enclosure provides powerful bass, and the front panel includes a volume control with a signal light.

Product Overview

Immersive 2.1 Channel Audio

This 2.1 channel speaker system delivers a balanced audio experience, combining a dedicated 4-inch subwoofer for deep, resonant bass with two 2.75-inch satellite speakers for crisp highs and mids. Designed for versatility, this system is an excellent choice for desktop computers, gaming setups, and general multimedia enjoyment. Its compact footprint ensures it fits easily on desks or shelves while providing a significant upgrade to standard audio output.
