Overview

High-Performance 21V Cordless Lubrication

This professional-grade 21V cordless grease gun is designed for efficient and reliable lubrication across automotive, industrial, and agricultural applications. It features a patented drive structure and a built-in LCD display to monitor battery capacity in real-time. Engineered for versatility, it supports multiple cartridge types including standard DIN1284, lube shuttle, and bellows-style cartridges, making it an ideal solution for international markets.

Technical Performance

Operating Voltage

21 V

Battery Voltage

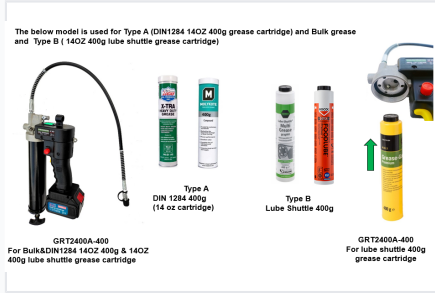

Safety & Protection

Resettable Fuse, EMC Tested, Anti-Jamming Circuit, Self-Locking Button

Motor Protection System

Equipped with a resettable fuse that cuts power if the oil route is blocked, preventing motor and battery burnout.

Cartridge Compatibility

The grease gun supports both standard DIN1284 400g cartridges and Lube Shuttle systems.

Specialized model variant for 500g screw-in grease cartridges with a dedicated protecting ring.

Compatible with Jabara-style bellows cartridges commonly used in international markets.

Compatible Cartridge Types

Type	Specification	Capacity
Type A	DIN 1284 / Standard	400g / 14oz
Type B	Lube Shuttle	400g
Type C	Screw-in Cartridge	500g
Jabara	Bellows Type	Standard Bellows
Bulk	Manual Fill	Variable

Advanced Features

Monitoring & Control

- LCD battery capacity display
- Pressure release valve for air pockets
- Self-locking safety button for transit
- New plunger drive structure to prevent locking

Winter & Emergency Kit

Emergency Power & Charging

- 12V cigarette plug adapter for direct car power
- DC to AC inverter for charging via vehicle DC 12V
- Inverter supports charging mobile phones or laptops

Cold Weather Support

Includes a 12V warming blanket that plugs into a car cigarette socket to soften stiff grease during winter use.

Applications

Recommended Applications

Heavy Duty Trucks • Farm Equipment • Construction Machinery • High-Speed Bearings • High-Temperature Environments

Compliance

Certifications

CE, EMC
