Overview

Immersive 2.2 Channel Audio Experience

The EM-3019FT multimedia speaker system is engineered to deliver a balanced and powerful sound profile, featuring a dedicated subwoofer and two satellite speakers. With 60W of output power and X-Bass technology, it provides clear highs, rich mids, and deep, resonant bass for music, movies, and gaming. Its versatile connectivity options, including Bluetooth, USB, and AUX, make it a flexible solution for any home or office audio setup.
